

A SONG WRITTEN FOR MY KOOKIE K.T

Diamond Heart

Just because

Yeah, you know who it is
My Kookie K.T, step into the light
A fire that you can't contain
Dj SHEUN Daone and Only on the track
Let's go

Spark in the dark, she don't wait for permission
First on the line, always born with a mission
Ruled by the flame and the red planet Mars
She doesn't follow, she's chasing the stars
Remember back in DC where we first crossed paths
Caribbean Carnival, moving to the bass track
Dj SHEUN Daone and Only spinning the groove
Watch My Kookie K.T make the whole room move

*She's the fire, she's the spark
Writing her name right across the dark
Fiercely loyal, wild and free
My Kookie K.T is all she'll ever be
Dj SHEUN Daone and Only keeping the vibe tight
Diamond heart burning bright*

Frank with her words, she says what she means
Tearing down walls, shifting the scenes
She moves like a storm, a beautiful force
A self-made engine on a collision course
Then we took it down south where the weather stays great
Precious time we spent out in the Sunshine State
Dj SHEUN Daone and Only playing the anthem loud
She's the alpha leader standing out in the crowd

*She's the fire, she's the spark
Writing her name right across the dark
Fiercely loyal, wild and free
My Kookie K.T is all she'll ever be
Dj SHEUN Daone and Only keeping the vibe tight
Diamond heart burning bright*

Pool party at the crib, water reflecting the spark
Unforgettable vibes shifting right into the dark
Yeah that night was memorable, a beautiful scene
Living like a movie, living out the dream
Dj SHEUN Daone and Only locking the rhythm down
Holding onto memories that keep us off the ground
No nobody's shadow, nobody's prize
You can see the whole universe right in her eyes

*She's the fire, she's the spark
Writing her name right across the dark
Fiercely loyal, wild and free
My Kookie K.T is all she'll ever be
Dj SHEUN Daone and Only keeping the vibe tight
Diamond heart burning bright*

Impatient for the world to turn
She'd rather light the match and watch it burn
From the DC streets to the Florida shore
That unforgettable night just makes me want more

*She's the fire, she's the spark
Writing her name right across the dark
Fiercely loyal, wild and free
My Kookie K.T is all she'll ever be
Dj SHEUN Daone and Only keeping the vibe tight
Diamond heart burning bright*
