

A SONG WRITTEN FOR MAGGIE

Fierce Love

Retirement

1:11

3:28

We met while leaning over the fence
Your red hair made the whole world glow
That first hello made perfect sense
I never dreamed how love could grow
Your kindness opened up the door
Sexy smile, I want nothing more

*maggie, you say I'm so cool tonight
Your kindness turns the dark to light
Your sweet sentiments always stay true
Fierce lioness, I lean on you*

I left, and you were waiting there
Your love stayed fierce beyond compare
I saw you from a bus one day
Knew I had to come back to stay
Our first-born baby filled our arms
We raised four beautiful kids through storms
The hardships never dimmed their eyes
They were our brightest, dearest prize

*maggie, you say I'm so cool tonight
Your kindness turns the dark to light
Your sweet sentiments always stay true
Fierce lioness, I lean on you*

This retirement opens up our days
Fifty years, six grandkids, new ways
I'll stand beside you, come what may
And love you more with every day

*maggie, you say I'm so cool tonight
Your kindness turns the dark to light
Your sweet sentiments always stay true
Fierce lioness, I lean on you*

*Beyond that fence, your red hair glows
Your fierce love I will always know*
