A SONG WRITTEN FOR ANGELA

Ride or Die Forever

Birthday

We met in jail some twenty years ago
And found a friendship built to grow
You listened close, you never turned away
Your patient heart still lights my way
Like Thelma and Louis, side by side
We kept on rolling with the tide

> *Angela, you're my ride or die*
> *When hard times came, you stayed nearby*
> *The way you were there for me too*
> *I'll always be there for you*

When I was sick, you opened your door
You asked for nothing, nothing more
Through addiction, then sobriety
You stayed a friend and stood by me
We both have lost the ones we loved
And found the strength to rise above
We still dream of new foods to share
And seeing all the world out there

> *Angela, you're my ride or die*
> *When hard times came, you stayed nearby*
> *The way you were there for me too*
> *I'll always be there for you*

On your birthday, may joy arrive
May every road bring something new
I'll stand beside you all my life
The way you've always seen me through

> *Angela, you're my ride or die*
> *When hard times came, you stayed nearby*
> *The way you were there for me too*
> *I'll always be there for you*

Still reaching for the world in view
I'll always be there for you
