

A SONG WRITTEN FOR KHADIJAH

Faithful Heart

Just because

1:14

3:37

At the beach, my children laughed and ran
The sea gave me my breath again
You stayed close when I was feeling low
And made me feel that I could grow
You kept me strong for them each night
And helped me see there still was light

*Kah-dee-jah, thank you for your faithful heart
You held me up when life fell apart
For love and trust that keep me warm
My rock through every storm*

Through spiritual warfare, I felt torn
You stayed with me through every storm
Twenty-three hard years, I carried pain
Emotionally abused again
You helped me see what I could do
With strength I never thought I knew
You gave me trust to carry on
And showed me I was not alone

*Kah-dee-jah, thank you for your faithful heart
You held me up when life fell apart
For love and trust that keep me warm
My rock through every storm*

Twenty twenty-two to twenty twenty-four
The heavy storms came knocking at our door
Body, heart and mind, we held on tight
Supported each other through the night
We stood together, bold and strong
And now we rejoice, we've overcome
I'll hold your kindness close to me
For my son and daughter, I'll stand tall

*Kah-dee-jah, thank you for your faithful heart
You held me up when life fell apart
For love and trust that keep me warm
My rock through every storm*

*The sea's bright light remains with me
Your friendship sets my spirit free*
