A SONG WRITTEN FOR ASHLEY,LAUREN

Brave Hearts United

Just because

1:11 3:28

When Ashley was born, so small, 2.6 pounds
She made it through and stayed so strong
I held on close through ups and downs
Her brave heart kept us moving on
From young teenage days, she would say
She'd help me with my health someday

> *Ashley,Lauren, I'm proud of who you've become*
> *Your love has settled in my soul*
> *Two mothers, warm as morning sun*
> *You make my family feel whole*

I knew Lauren for about one year
At nineteen, we found our way
Her return brought my family near
She makes my family complete today
Kidney failure has made days hard
Ashley is helping me find my way
Her promise stands there as my guard
She brings my life back day by day

> *Ashley,Lauren, I'm proud of who you've become*
> *Your love has settled in my soul*
> *Two mothers, warm as morning sun*
> *You make my family feel whole*

With Eva and James at your side
And Sophie brings a brighter day
I see your strength, your love, your pride
Just because, I sing this song today

> *Ashley,Lauren, I'm proud of who you've become*
> *Your love has settled in my soul*
> *Two mothers, warm as morning sun*
> *You make my family feel whole*

Your love will keep our family near
I hold you close through every year
