

A SONG WRITTEN FOR SAM

Love in Every Moment

Just because

1:19

3:53

Before I leave to start my day
You wait to steal a kiss away
We met when we were very young
Before our grown-up days begun
You loved the theatre by my side
And held my world so open wide

*Sam, I know you're the love of my life
You're a great mum, there every day
Your loyal heart stands through all strife
For everybody, come what may*

When Kye arrived, our world had changed
Though once that future felt so strange
Yet you became a mum so true
And every day felt bright and new
When losing Dad brought darkest nights
You bore that grief with quiet might
A game of bingo makes you smile
Your laughter lingers for a while

*Sam, I know you're the love of my life
You're a great mum, there every day
Your loyal heart stands through all strife
For everybody, come what may*

You keep on dreaming of that flight
To America, high in the sky
I'm scared, but I'll walk toward the light
Where hopeful clouds go drifting by

*Sam, I know you're the love of my life
You're a great mum, there every day
Your loyal heart stands through all strife
For everybody, come what may*

One kiss before the morning light
Then all my world is shining bright
