

A SONG WRITTEN FOR CAROL

Timeless Togetherness

Birthday

1:20

3:55

On our blind date, you made me smile
Your funny warmth made time worthwhile
Your caring heart was shining through
I saw a love so kind and true
You work so hard, with grace each day
Your beauty lights my way

*Carol, you're the only one I choose
All my heart still belongs to you
We've always stood by each other's side
My only love, my truest guide*

When work kept us so far apart
I held you close within my heart
You raised our two beautiful daughters
With steady love through changing waters
Now five grandchildren fill our days
With laughter in so many ways
We faced tough times, but side by side
And through illness, our love survived

*Carol, you're the only one I choose
All my heart still belongs to you
We've always stood by each other's side
My only love, my truest guide*

For forty-two years, side by side
In marriage, you've been my joy and guide
On your birthday, I see anew
The life ahead I'll share with you

*Carol, you're the only one I choose
All my heart still belongs to you
We've always stood by each other's side
My only love, my truest guide*

*Your loving hands still feel like home
With you, I'll never walk alone*
