

A SONG WRITTEN FOR SUZETTE

Angel of Grace

Christmas

1:20

3:54

I saw you standing across the room
My waiting heart broke into bloom
I thought you were beyond my reach
Then your smile gave love a voice
From that first day, your love shone bright
God sent you as my guiding light

*Suzette, you are my angel of grace
You are always there, whatever I face
Your faithful love surrounds my soul
Thank you for making me whole*

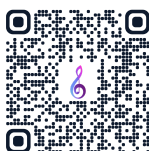

When my mother passed, you cried with me
Pregnant with our son, so tenderly
You kept your faith in Almighty God
And trusted love to light the road
You love the people God has made
Your faithful heart will never fade
You pulled me from the trash I was in
Your love brought warmth beneath my skin

*Suzette, you are my angel of grace
You are always there, whatever I face
Your faithful love surrounds my soul
Thank you for making me whole*

This Christmas, let our hearts rejoice
I thank God for your gentle voice
I'll stay beside you, come what may
You're still the love I choose each day

*Suzette, you are my angel of grace
You are always there, whatever I face
Your faithful love surrounds my soul
Thank you for making me whole*

*That first smile still shines so bright
God sent you, my guiding light*
