

A SONG WRITTEN FOR MILDRED

Through Every Storm

Anniversary

1:12

3:32

In nineteen ninety-one, I saw you there
On that jeepney, I was unaware
Then Punlaan church brought us in view
Still, I had no thought of loving you
At PNB Carriedo, we met for lunch
That simple meal awoke so much

*Mildred, you chose me with a hundred in hand
You showed me how to still believe
You put our children first, and helped us stand
Through every storm, you never gave up on me*

Within that garage, we served in grace
And love kept growing in that place
A rival broke my heart apart
Yet love came back and healed my heart
In December 1996, we wed
With hundred dollars, still you stayed
You left your career to care for us
With faithful love and steady trust

*Mildred, you chose me with a hundred in hand
You showed me how to still believe
You put our children first, and helped us stand
Through every storm, you never gave up on me*

On December fifth, we proudly stand
Thirty years, still hand in hand
May Jesus keep our path in light
And hold our future warm and bright

*Mildred, you chose me with a hundred in hand
You showed me how to still believe
You put our children first, and helped us stand
Through every storm, you never gave up on me*

*Your faithful love still lights our way
I thank the Lord for you each day*
