

A SONG WRITTEN FOR SEAN

Safe Space

Just because

1:22

4:02

On 26th February 2011, we met
Two broken hearts were trying to mend
Still, all the hurt was not over yet
But love began with my closest friend
Your gentle arms became my safe shore
I knew what my heart waited for

*Sean, you're my safe space when nights are long
My rock, when I don't feel so strong
You fill my world with warmth so kind
My safe space, peace of mind*

On 7th April 2018, we wed
You held my hand and stood by my side
When grief came, words were left unsaid
My heart broke when my Dad died
Your mum was gone; the shadows grew
Pete passed away, and grief broke through
Through every ache, your kindness stayed
You helped me find a gentler way

*Sean, you're my safe space when nights are long
My rock, when I don't feel so strong
You fill my world with warmth so kind
My safe space, peace of mind*

No special day, I need you to know
How much your presence means to me
I'll hold your hand wherever we go
With you, I am where I should be

*Sean, you're my safe space when nights are long
My rock, when I don't feel so strong
You fill my world with warmth so kind
My safe space, peace of mind*

*Your laughter still can lead me home
And in your arms, I'm not alone*
