A SONG WRITTEN FOR ZUZHANNA

My Rock, My Light

Anniversary

On the barge, you stood there at the bar
I bought a drink, just to say hello
I took a chance and came your way
That little moment changed my day
Your smile can make the hard days clear
Your laugh is music in my ear

> *Zuzhanna, you're my rock, my best friend*
> *You've stood beside me time and again*
> *On our anniversary, I see*
> *You mean the world to me*

When I stopped drinking, days were long
You stayed beside me, kept me strong
You were the light that saw me through
At each step, I knew I had you
We lost my wallet, searched in fear
A black cat helped us, staying near
That little search still makes me smile
With you, each step was worthwhile

> *Zuzhanna, you're my rock, my best friend*
> *You've stood beside me time and again*
> *On our anniversary, I see*
> *You mean the world to me*

On Spain's sandy beach, I asked you
To be my wife, you said yes
Your yes made my whole world feel new
I was the happiest, I confess

> *Zuzhanna, you're my rock, my best friend*
> *You've stood beside me time and again*
> *On our anniversary, I see*
> *You mean the world to me*

Your bright eyes turn the dark to light
Your smile still warms my heart at night
