A SONG WRITTEN FOR SHERIFF

Endless Love Journey

Just because

1:25 4:10

In Marmaris, our first hello took flight
One look, and all the rest became our song
Your steady hand has held my world so tight
For twenty-one bright years, where I belong
At our wedding, pride shone clear that day
When I took your surname, love found
its way

> *Sheriff, you're there for us in every way*
> *No trouble's ever too great, come what may*
> *You make me happiest through all my days*
> *You are my everything, always*

You left Turkey to build our life anew
You came to England, hope upon your face
You gave your all in everything you do
And made our home a warm and
caring place
As kitchen manager, you cook with care
When my dad was ill, you stood right there
Your meals drew all the family close
and near
Through loss, you held us when the way
was unclear

> *Sheriff, you're there for us in every way*
> *No trouble's ever too great, come what may*
> *You make me happiest through all my days*
> *You are my everything, always*

Here's to more years, side by side with you
I'll keep on choosing all our dreams
come true
We've had twenty-one wonderful years
May many more arrive with laughter
and cheers

> *Sheriff, you're there for us in every way*
> *No trouble's ever too great, come what may*
> *You make me happiest through all my days*
> *You are my everything, always*

My grateful heart still comes back home to you
You are my rock, my shelter, tried and true
