

A SONG WRITTEN FOR GLORIA

Timeless Connection

Birthday

1:11

3:28

On our blind date, time slipped away
We met with quiet words to say
A gentle feeling filled the room
And made the unknown start to bloom
That first small moment drew us near
And left a light that still is clear

*Gloria, whatever happened today
Tomorrow lets it fade away
For your birthday, happiness stays near
Tomorrow's peace will find you here*

Your grandkids feel your sheltering care
You keep them safe with love to spare
Through losses of our parents, we stayed near
And held each other through the fear
Since that blind date, you light my way
Your kindness meets me every day
When days are heavy, you are strong
Your caring heart helps me belong

*Gloria, whatever happened today
Tomorrow lets it fade away
For your birthday, happiness stays near
Tomorrow's peace will find you here*

May happiness light up your way
And stay beside you every day
I'll keep tomorrow bright and clear
With all my love beside you here

*Gloria, whatever happened today
Tomorrow lets it fade away
For your birthday, happiness stays near
Tomorrow's peace will find you here*

*From our blind date, I found my way
I still choose you, come what may*
