

A SONG WRITTEN FOR MATTHEW

Best of You

Just because

1:00

2:57

We walked my favorite park back home
I showed the places I once knew
We met online, love found its home
I found a best friend there in you
You make the room feel safe somehow
You see my whole heart, here and now

*You choose me every day
I'm glad you grow in every way
You're the best partner, through and through
I get the best of you*

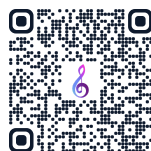

Our matching penguin tattoos stay
Like little signs along the way
Nine dogs all share our living space
You go along with each dog chase
Out with the pack, you're by my side
You take my crazy dog life in stride
We've had our back and forth, it's true
We're figuring it out, us two

*You choose me every day
I'm glad you grow in every way
You're the best partner, through and through
I get the best of you*

No special day, just this is true
I wanted you to know it too
We'll keep on growing side by side
With all this love we hold inside

*You choose me every day
I'm glad you grow in every way
You're the best partner, through and through
I get the best of you*

*Nine dogs and matching ink in view
Matthew, I get the best of you*
