

A SONG WRITTEN FOR VICTORIA

Endless Love for You

Just because

1:09

3:22

Through friends, I saw you standing there
Your beauty caught me unaware
I shook your hand, then left the room
To pull myself together soon
I froze beneath your lovely smile
Then found my calm after a while

*Victoria, I love you more each day
You are my world in every way
No regrets can take my love away
With no regrets, I'll love you always*

Your laughter fills up all the air
Your huge heart shows how much you care
Your hard work keeps things moving on
Your smile can turn the dark to dawn
When everything around us shakes
You are my rock through all it takes
And I am yours when shadows fall
We hold each other through it all

*Victoria, I love you more each day
You are my world in every way
No regrets can take my love away
With no regrets, I'll love you always*

I sing just because I love you
My heart keeps finding words so true
Whatever comes, we'll stand as one
Our love goes on when days are done

*Victoria, I love you more each day
You are my world in every way
No regrets can take my love away
With no regrets, I'll love you always*

*Your gorgeous blue eyes light my way
I love you more with every day*
