A SONG WRITTEN FOR SUSAN

Eternal Light of Love

Just because

1:22 4:02

We met at work beneath bright lights
Your kindness warmed the longest nights
Our first date flowed beside the river
That quiet water made us shiver
From then, your heart gave freely still
With gentle strength and steady will

> *Susan, you do more for me than I deserve*
> *Your faithful light broke shadows cast*
> *Your selfless heart still lights my way*
> *I love you more each day*

You loved the earth, the open skies
You kept our family warm and near
Your children shone within your eyes
Your grandchildren brought laughter clear
At dusk, Jett curled close each day
Your giving heart lit up our way
When grief found us, you stayed around
And gave my aching heart safe ground

> *Susan, you do more for me than I deserve*
> *Your faithful light broke shadows cast*
> *Your selfless heart still lights my way*
> *I love you more each day*

I'll keep your kindness close to me
Like river light, so wide and free
With every road still left in view
My heart will keep choosing you

> *Susan, you do more for me than I deserve*
> *Your faithful light broke shadows cast*
> *Your selfless heart still lights my way*
> *I love you more each day*

The river keeps our first-date glow
I love you more than words can show
