A SONG WRITTEN FOR MICHAL

Timeless Love, Endless Joy

Tribute

Across the veg counter, you caught my eye
One quiet look made the whole world bright
Your beautiful eyes held me there
Your generous heart was everywhere
You put the others first with grace
Then laughter lit your gentle face

> *Me kel, my love for you stays true*
> *Your loyal heart has seen me through*
> *Your humour makes the grey feel new*
> *Love you all the animals*

At sixteen, we promised to stay
Forty-eight years, we're here today
Three children filled our days with song
Seven grandchildren came along
When my parents and your mum were gone
Your hand still helped me carry on
Around the dinner table's glow
Our lovely family times still show

> *Me kel, my love for you stays true*
> *Your loyal heart has seen me through*
> *Your humour makes the grey feel new*
> *Love you all the animals*

I'll hold your hand through every mile
Keep finding home inside your smile
No matter what the seasons bring
You are the song I want to sing

> *Me kel, my love for you stays true*
> *Your loyal heart has seen me through*
> *Your humour makes the grey feel new*
> *Love you all the animals*

The veg counter still shines somehow
One look, and I am yours right now
