

A SONG WRITTEN FOR DENISE

Enduring Light of Love

Just because

1:02

3:03

The day I asked, you answered “no”
I watched the daylight lose its glow
And then, after prayer, you said “yes”
That simple grace has left me blessed
Your loving heart held room for me
Your hopeful eyes helped me to see

*Denise, your patience lights my days
Your faithful love has shaped my praise
You think of others before you
I thank you, your love still stays true*

Back in Africa, I stayed alone
Six years apart, our love had grown
Your faithfulness stayed clear and bright
Your optimism held the night
In Uganda, you made one wish
Your tender words brought me such peace
You wished to meet my mother, now deceased
That wish is one I still cherish

*Denise, your patience lights my days
Your faithful love has shaped my praise
You think of others before you
I thank you, your love still stays true*

I'll meet your giving heart with care
I'll make more room for hope and prayer
May all the years ahead feel new
The tender love I see in you

*Denise, your patience lights my days
Your faithful love has shaped my praise
You think of others before you
I thank you, your love still stays true*

*Your quiet faith still warms the room
Your hopeful heart keeps hope in bloom*
