A SONG WRITTEN FOR JULIAN

Treasured Beyond Gold

Anniversary

Outside Hugo's club, friends argued loud
Then you caught my eye above the crowd
We laughed our way into the night
That chance encounter felt so right
Then Von and Zahra filled our home
With you, no heart could feel alone

> *Julian, you're treasured more than gold*
> *Your strength and grit have made us bold*
> *Your love for family helps us grow*
> *You're more loved than you know*

In Vegas, for our twentieth year
We held the years we made so dear
When chronic illness changed my days
You stood beside me through the haze
We lost both parents, felt the ache
Your steady arms would never break
You never quit when roads were steep
Your love is mine to always keep

> *Julian, you're treasured more than gold*
> *Your strength and grit have made us bold*
> *Your love for family helps us grow*
> *You're more loved than you know*

On this anniversary, I see
The life you've built means all to me
Whatever waits beyond this view
I'll keep on standing close to you

> *Julian, you're treasured more than gold*
> *Your strength and grit have made us bold*
> *Your love for family helps us grow*
> *You're more loved than you know*

Outside that club, one spark took flight
Still, your love will lead us right
