

A SONG WRITTEN FOR SUZANNA

My Guiding Light

Just because

1:16

3:43

I saw you in your St John uniform
You shone so bright upon that special day
That first hello became a steady home
And all my old fears slowly slipped away
When you said yes, my whole world turned
to gold
A love so sure, a hand that I could hold

*Suzanna, you're the strongest that I know
You gave me a family, grandkids too
I'll always love you, more than words can show
My rock, my love, forever, it is you*

We've known the weight of losing family
And still you found the strength to carry on
Your courage is a light for me to see
With you, the darkest nights still meet
the dawn
You've filled my days with memories so kind
Each one has made my grateful heart
feel new
When I am down, you're there to clear
my mind
My safest place has always been with you

*Suzanna, you're the strongest that I know
You gave me a family, grandkids too
I'll always love you, more than words can show
My rock, my love, forever, it is you*

Whatever waits beyond the years ahead
I'll keep your hand forever close to mine
With you, the road is where my heart is led
Your love will always make the whole
world shine

*Suzanna, you're the strongest that I know
You gave me a family, grandkids too
I'll always love you, more than words can show
My rock, my love, forever, it is you*

*One quiet glance, and all my fears take flight
My home is in your love, my guiding light*
