A SONG WRITTEN FOR SERGIO

Dreams Came True

Just because

The day you asked, you made the moment shine
I held that treasured promise close to me
Four years have made your gentle hand feel mine
Two married years, still where I want to be
Your patient heart stays steady through the days
You put my needs before your own in quiet ways

> *Sergio, you made my dreams come true*
> *You're the one all my prayers led to*
> *I can't imagine life without you*
> *Every dream came true with you*

When my dad passed, you stayed with me
Two years later, my mom left us too
Lost in the dark, you steadied me
Your patient love kept pulling through
When surgery left me needing care
Your gentle hands would see me through
I found your shelter waiting there
For all my days, I choose with you

> *Sergio, you made my dreams come true*
> *You're the one all my prayers led to*
> *I can't imagine life without you*
> *Every dream came true with you*

No special day could hold this truth inside
I only want the years with you
Whatever comes, I'll walk here by your side
With all my days, my heart stays true

> *Sergio, you made my dreams come true*
> *You're the one all my prayers led to*
> *I can't imagine life without you*
> *Every dream came true with you*

Your quiet love is where my heart can rest
Beside you, every dream feels blessed
