

A SONG WRITTEN FOR MARIUSZ

Loyal Love Across Miles

Christmas

1:10

3:27

We met in Cypress in 2023
Your quiet smile stayed there with me
At first, the world was opening wide
And you were standing by my side
You made the open air feel new
Each little path led back to you

*Mariusz, thank you for your loyal heart
Your love stays close when we're apart
As big as all the sky above
I'll love you to the moon and back, my love*

Some days, another country lies between
And distance leaves the room unseen
Still, I can feel your strength with me
Like a brave warrior, wild and free
Your kindness asks for nothing back
Yet keeps my heart upon its track
You love the paths beneath the trees
And all the open air and breeze

*Mariusz, thank you for your loyal heart
Your love stays close when we're apart
As big as all the sky above
I'll love you to the moon and back, my love*

At Christmas, let this song draw near
To warm the miles that keep us here
I'll hold your love through every day
Until the distance fades away

*Mariusz, thank you for your loyal heart
Your love stays close when we're apart
As big as all the sky above
I'll love you to the moon and back, my love*

*One sky above, though far apart
Your loyal love lives in my heart*
