

A SONG WRITTEN FOR LEE

Endless Love, Timeless Journey

Anniversary

1:04

3:08

At karate, we met in a fight
Who knew that clash would feel so right
Within one year, we said "I do"
And every road came back to you
At first it was a challenge, true
Love was too strong to ignore, we knew

*Lee, after thirty years, love still grows
With every year, it deeper flows
My best friend, my constant, always near
Our love grows deeper every year*

When Clark arrived, our hearts held light
We watched him grow in pure delight
At twenty-one, so proud that night
A day we held forever bright
So proud of Clark, our son, our own
The man he's become, how he's grown
There were hard times, as life will do
They showed me how I treasure you
You think of all the little things
And hold me close beneath your wings

*Lee, after thirty years, love still grows
With every year, it deeper flows
My best friend, my constant, always near
Our love grows deeper every year*

On this anniversary, I say
I want you by my side each day
For all the roads still left to see
You'll be my home, my certainty

*Lee, after thirty years, love still grows
With every year, it deeper flows
My best friend, my constant, always near
Our love grows deeper every year*

*After fifteen years, dogs sleep sound
My deepest joy is all around*
