

A SONG WRITTEN FOR CHERYL

Through My Eyes

Just because she is loved by everyone

1:18

3:49

Down by the lake, our picnic in the sun
I watched you make the little moments fun
Your heart puts everyone before you
There's kindness in all that you say and do
I wish that you could see what I can see
The wonder that you always are to me

*Cheryl, if you could see through my eyes
You'd see how you make my whole world rise
My love keeps growing, strong and true
My best friend, soulmate, it's you*

At sixteen, Glenda let you drive away
You drove off in a bean field that day
When we first married, we almost lost our home
But somehow we stood strong, never alone
Since Glenda passed in twenty twenty-five
You miss her every day; her love's alive
I hold you close through all the tears you hide
And keep my heart forever by your side

*Cheryl, if you could see through my eyes
You'd see how you make my whole world rise
My love keeps growing, strong and true
My best friend, soulmate, it's you*

In your own salon, you make your nails shine bright
Then care for Dad with tenderness at night
The love you give reaches in all you do
You put us first in everything you do
I see your beauty in the smallest way
And wish you saw yourself as I do each day
Thank you, my best friend, my soulmate true
My love keeps growing every day for you

You are so loved, more than you ever know
I'll be beside you wherever life may go
May brighter days keep finding you anew
With all the love you give in all you do

*Cheryl, if you could see through my eyes
You'd see how you make my whole world rise
My love keeps growing, strong and true
My best friend, soulmate, it's you*

*By the lake, your light is shining clear
My best friend, my soulmate, always near*
