A SONG WRITTEN FOR GLENN

Enduring Love Lights

Birthday

The bowling alley glowed that night
You made me laugh beneath the lights
Your playful grin could fill the room
And make the darkest corners bloom
That first hello became our song
I felt that I was where I belonged

> *Glenn, on your birthday, know my heart*
> *You are my soul mate, my best part*
> *I'll never love another this way*
> *My one true love, always*

We joined our families, found our way
Those early years were hard to bear
We learned to meet each passing day
And held on close through every care
Thirty-six years, we built our home
A beautiful family, warm and near
Through all those tears, I've always known
Your love would keep us standing here

> *Glenn, on your birthday, know my heart*
> *You are my soul mate, my best part*
> *I'll never love another this way*
> *My one true love, always*

When heart troubles came, we held on tight
Your hand in mine, we faced the fight
Whatever comes, I'll take your hand
We'll meet the future where we stand

> *Glenn, on your birthday, know my heart*
> *You are my soul mate, my best part*
> *I'll never love another this way*
> *My one true love, always*

Still laughing underneath the lights
Still holding hands through all our nights
