

A SONG WRITTEN FOR AGULINA

Agulina

Anniversary

1:23

4:03

At Copa Cabana, that first night
We danced beneath the softened light
In Manchester, the music rose
Your calmness reached me through the noise
My heart found something warm and true
And every step led close to you

*Agulina, I thank you today
Your steady care pulls me on through
This anniversary lights our way
My heart finds rest with you*

You make good coffee and warm tea
You proofread my reports for me
You fold the clothes and cook with care
Your quiet strength is everywhere
As young parents, we faced hard days
Looking after the kids through haze
Anabel, Elliot, Ruben, holidays around the world
We laughed in every place we went
You never complained, you carried on
Your caring heart became our dawn

*Agulina, I thank you today
Your steady care pulls me on through
This anniversary lights our way
My heart finds rest with you*

On this anniversary, I see
How much your care has carried me
From Manchester to Sheffield, then Manotick
Each home we made, we made it ours
I'll hold you close through all we face
And keep your peace within our place

*Agulina, I thank you today
Your steady care pulls me on through
This anniversary lights our way
My heart finds rest with you*

*May every dance still draw us near
May home stay warm when you are here*
