EIN LIED GESCHRIEBEN FÜR NEIL

Unterwasserliebe

Geburtstag

In the Philippines our story began
You were my diving teacher by the sea
The third of November, 2018
You took my heart so easily
Covid kept us apart, twenty twenty,
twenty-one
Only messages and video calls to hold
my heart

> *Neil, I'm so proud of you*
> *You gave me courage, you gave me light*
> *With you every fear falls through*
> *You're my whole life forever*

December first, twenty twenty-one
We were together, no more miles to cross
November third, twenty twenty-two
You asked me underwater with the sharks
around us
May fifth, twenty twenty-three
We said I do, and I became Mrs. Briones
Thank you for coming to Switzerland for me
You left your home, the Philippines, to be
with me

> *Neil, I'm so proud of you*
> *You gave me courage, you gave me light*
> *With you every fear falls through*
> *You're my whole life forever*

Your mama passed, and you could not
be there
But in our hearts she's with us everywhere
On your birthday, this is what I pray
That our wish for a child comes true someday
I'm here with you in every morning light
Until our dream makes everything right

> *Neil, I'm so proud of you*
> *You gave me courage, you gave me light*
> *With you every fear falls through*
> *You're my whole life forever*

The ocean still sings inside of me
And our tomorrow grows with you
