

A SONG WRITTEN FOR SANTINO

Light of Our Days

Birthday

1:02

3:03

At four, you bounced that ball a
hundred times
Your fierce resolve was shining in your eyes
Your school exams all fell beneath your stride
Your driving test was first go, full of pride
You sing and dance and light our hearts
so bright
Your hugs and laughter make the whole
room light

*Santino, you're our blessing every day
You're the best son we could wish to know
Just as you are, you light our way
More than you'll ever know*

We went to Lapland, to see Santa there
A once-in-a-lifetime trip to share
At breakfast, clocktower time caught your eye
You said it was the best part, full of pride
Masters of Disaster, you led the way
At the Great Gig, you sang lead, loud
and clear
Your singing, dancing made our hearts
feel day
And all your joy gave us a reason to cheer

*Santino, you're our blessing every day
You're the best son we could wish to know
Just as you are, you light our way
More than you'll ever know*

Anxiety and OCD may rise
You meet each shadow with courageous eyes
On your birthday, trust the strength
you've grown
We'll stand beside you; you're not alone

*Santino, you're our blessing every day
You're the best son we could wish to know
Just as you are, you light our way
More than you'll ever know*

*May drums and laughter lead you on your way
Our blessing walks beside you every day*
