A SONG WRITTEN FOR HAMEL

Unbroken Love

Birthday

That night, I invited myself inside
Chicken and beans were by your side
Who knew that meal could change our way
And make me choose you every day
Your laughter had me smiling too
Your caring heart was plain to view

> *Hamel, you're all that's good in my life*
> *I feel your love within your eyes*
> *Through good and bad, you stay unbroken*
> *First for every word unspoken*

Through all my illnesses, mistakes
You stayed beside me for love's sake
Your laughter lifts the hardest days
Your care protects in quiet ways
On every trip, you showed your love
I felt it like the sky above
Your family matters, deep and true
It shows the heart I always knew

> *Hamel, you're all that's good in my life*
> *I feel your love within your eyes*
> *Through good and bad, you stay unbroken*
> *First for every word unspoken*

On your birthday, I wish you light
And more shared journeys shining bright
I can't wait to live life with you
And see what love will lead us to

> *Hamel, you're all that's good in my life*
> *I feel your love within your eyes*
> *Through good and bad, you stay unbroken*
> *First for every word unspoken*

Chicken and beans changed everything
Your love is where my heart can sing
