A SONG WRITTEN FOR LOURRAINE

# Timeless Love's Embrace

*Just because*

In sixth grade, I first saw your smile
By eighth grade, we were king and queen
We laughed beneath our crowns awhile
No brighter dream I'd ever seen
At the lake, you chose to be my girl
That teenage yes transformed my whole world

> *Lourraine, I thank you for salvation*
> *You led me through my hesitation*
> *My heart has found its resting place*
> *You are my saving grace*

Over forty-two years have passed now
Still blessed with you, I wonder how
When your dad passed, I held you near
And whispered peace into his ear
I vowed to take good care of you
That promise stays so strong and true
I keep that promise every day
And walk beside you all the way

> *Lourraine, I thank you for salvation*
> *You led me through my hesitation*
> *My heart has found its resting place*
> *You are my saving grace*

With grandchildren, I see you now
Your giving heart shows me just how
You never gave up through each year
You led me close to God, so clear
I thank you, Lourraine, strong and true
For all the loving things you do
With you, I find my peace each day
And thank God you still lead my way

You think of others every day
Your giving heart still leads my way
I'll keep your hand in mine through life
And thank you, love, for being my wife

> *Lourraine, I thank you for salvation*
> *You led me through my hesitation*
> *My heart has found its resting place*
> *You are my saving grace*

*That teenage yes still lights my way*
*I'm blessed to love you every day*
