A SONG WRITTEN FOR SUE

Eternal Togetherness

Anniversary

We turned in time at square dances
Your laughter carried through the night
With cards, my parents shared our chances
And every hand just felt so right
On horseback, side by side, we'd ride
Your loving heart was there beside

> *Sue, through good and bad, you stayed*
> *You gave your life with all your heart*
> *No thanks can match the love you gave*
> *You're here, we're never apart*

On late-night rides, you shared the night
And made the hours at work feel right
We blended both our families' ways
With patient hearts through changing days
Then came the stroke that put me down
You were my strength when mine was gone
Each day, you're here, my steady light
Your love still carries me through night

> *Sue, through good and bad, you stayed*
> *You gave your life with all your heart*
> *No thanks can match the love you gave*
> *You're here, we're never apart*

On this anniversary, I know
My love for you will only grow
Whatever comes, I'll hold you near
With all my heart, year after year

> *Sue, through good and bad, you stayed*
> *You gave your life with all your heart*
> *No thanks can match the love you gave*
> *You're here, we're never apart*

The music turns, our hands still meet
Our love keeps time with every beat
