A SONG WRITTEN FOR LORRAINE

Endless Love, Timeless Home

Anniversary

1:14 3:38

On our blind date, I saw you afar
You took my breath before we ever spoke
Your beauty shone, a bright and guiding star
One glance, and all my guarded silence broke
Your gentle words untied my guarded heart
That first small spark became our truest start

> *Lorraine, your warm love feels like home*
> *Each anniversary, I still know*
> *You are the sunshine in my day*
> *Forever, you complete me, baby*

We married in the bliss that filled our hearts
That shining moment gave our life its start
You're mother to my wonderful sons
Your loving care shines bright in everyone
Your selfless giving never asks for more
Your warmth is all the treasure I adore
You are sincere and sweet in all you do
I find my truest happiness in you

> *Lorraine, your warm love feels like home*
> *Each anniversary, I still know*
> *You are the sunshine in my day*
> *Forever, you complete me, baby*

With every year, I'll cherish you anew
My heart will always turn to you
May every anniversary we see
Bring sweeter days for you and me

> *Lorraine, your warm love feels like home*
> *Each anniversary, I still know*
> *You are the sunshine in my day*
> *Forever, you complete me, baby*

Still in your light, my whole heart finds its way
Forever, you complete me, baby
