A SONG WRITTEN FOR IAIN

Pinky Promise Forever

Just because

1:18 3:50

When I was twenty-two, behind the bar
Best friends, then boyfriend and girlfriend
I saw the truest heart in who you are
Our friendship turned to love that would not end
Then parents, then we married side by side
We took our vows, our hearts and hopes aligned

> *Iain, no other man, not now or ever*
> *My pinky promise: I'll annoy forever*
> *You're my best friend, my lover, my treasure*
> *I'll keep annoying you forever*

Our child arrived before their time
Health issues made our hearts hold tight
We took each day, one step, one climb
You were our calm, our borrowed light
You work so hard to provide each day
Your loving ways show through in all you do
You stand by what you believe, come what may
And even your annoyances are you

> *Iain, no other man, not now or ever*
> *My pinky promise: I'll annoy forever*
> *You're my best friend, my lover, my treasure*
> *I'll keep annoying you forever*

Whatever comes, I'll take your hand in mine
We'll keep on laughing through the passing years
This pinky promise lasts through all of time
With you, my heart has nothing left to fear

> *Iain, no other man, not now or ever*
> *My pinky promise: I'll annoy forever*
> *You're my best friend, my lover, my treasure*
> *I'll keep annoying you forever*

Best friends, still walking side by side
A pinky promise as our guide
