A SONG WRITTEN FOR CARL AND NEIL

Heartshine Through Distance

Christmas

That little hill in North Wales made you fly
Your tummies tickled on the way
You'd gain some speed, then sweep on by
Your laughter carried through the day
Those days still warm my heart somehow
I see the joy you carry now

> *CARL AND NEIL, I'm proud of how*
> *you've grown*
> *You fill my every day with light*
> *Though you both have homes of your own*
> *You make my heart shine bright*

At nursery, one held words inside
The other spoke in smaller streams
Now jokes bring laughter far and wide
And fill the room with brighter dreams
I love you most when you're as one
That sight can warm me like the sun
One's in Newcastle, far away
One's in Blackpool, where I stay

> *CARL AND NEIL, I'm proud of how*
> *you've grown*
> *You fill my every day with light*
> *Though you both have homes of your own*
> *You make my heart shine bright*

At Christmas, hear my proud heart sing
May every joke still light your way
I'll keep you close through everything
My love will meet you every day

> *CARL AND NEIL, I'm proud of how*
> *you've grown*
> *You fill my every day with light*
> *Though you both have homes of your own*
> *You make my heart shine bright*

That little hill still makes me smile
And laughter travels every mile
