A SONG WRITTEN FOR DENICE

Through It All

Tribute

1:22 4:02

The day we met, you were just twelve
I was fifteen, you knew me well
Our hearts were young, but love was true
Each passing day, I chose you too
From then on, you were by my side
Through everything, our hearts stayed tied

> *Denice, you loved me through it all*
> *You make me laugh when shadows fall*
> *Thank you, you always hold my heart*
> *No matter what, we're not apart*

When we got married, hand in hand
We made our promises to stand
You love our kids with tender care
Your laughter meets me everywhere
Through everything, you stay so near
Your steady heart has brought us here
At fifty-three, you light my view
At fifty-six, I'm loving you

> *Denice, you loved me through it all*
> *You make me laugh when shadows fall*
> *Thank you, you always hold my heart*
> *No matter what, we're not apart*

I'll keep on choosing you each day
As years keep rolling on their way
No road ahead can change what's true
My heart will keep coming home to you

> *Denice, you loved me through it all*
> *You make me laugh when shadows fall*
> *Thank you, you always hold my heart*
> *No matter what, we're not apart*

These words will travel where you are
Like little lights beneath the stars
