A SONG WRITTEN FOR AMANDA

Happily Forever

Just because

Today, we stood and said, “I do”
And all my dreams came close to you
The day we met still shines so bright
The day we married felt so right
Your beauty filled my grateful heart
And made this day a work of art

> *Amanda, thank you for your care*
> *You fight for us and still stay there*
> *Your loving heart’s my greatest treasure*
> *You are my happily forever*

To all the children, you give care
And show them love that’s always there
You love God with a heart so true
And that bright faith keeps shining through
Since first we met, you’ve been my dream
Like morning light upon a stream
From vows to all the days ahead
Your love is where my soul is led

> *Amanda, thank you for your care*
> *You fight for us and still stay there*
> *Your loving heart’s my greatest treasure*
> *You are my happily forever*

I’ll hold your hand through every mile
And meet each dawn beside your smile
No matter what the years may do
I’ll never stop choosing you

> *Amanda, thank you for your care*
> *You fight for us and still stay there*
> *Your loving heart’s my greatest treasure*
> *You are my happily forever*

My beautiful bride, my truest song
With you is where I still belong
