A SONG WRITTEN FOR CLAUDETTE

Eternal Dance of Light

Tribute

Our first dance was not our last dance
I took you in my arms to dance
And knew that we had found romance
Your brown eyes sparkled warm and bright
Your laughter made the whole room light
The room grew lighter when you came
You loved life; it danced like flame

> *Claudette, I'm blessed to call you mine*
> *You made me the happiest man in the world*
> *My eternal wife through endless time*
> *Forever, our love is unfurled*

As we grew older side by side
I cared for you each passing day
Our memories opened deep and wide
And love grew stronger on the way
You served so well, endured to end
With grace, my loving dearest friend
You returned with honor, full of grace
To Heavenly Father's warm embrace

> *Claudette, I'm blessed to call you mine*
> *You made me the happiest man in the world*
> *My eternal wife through endless time*
> *Forever, our love is unfurled*

Our love was meant for all eternity
No passing hour can take away
I keep that first dance close to me
Your light will guide my every day

> *Claudette, I'm blessed to call you mine*
> *You made me the happiest man in the world*
> *My eternal wife through endless time*
> *Forever, our love is unfurled*

Your laughter fills the room with light
Our first dance glows forever bright
Our last dance was really not our last dance
We will dance among the stars forever, my love
