A SONG WRITTEN FOR HELEN

One in a Million

Just because

At eshmann, we first met one day
Your laughter took my breath away
I saw the warmth within your eyes
And felt my whole world start to rise
In 1986, we said “I do”
A lifetime started, bright and true

> *Helen, thank you for being there*
> *For me and our girls, with love to spare*
> *You’re one in a million, my friend*
> *Forever, I’ll cherish you to the end*

We rescued three beautiful dogs
Their joy lit up our forest walks
Through the New Forest, side by side
We shared the joy of every stride
We lost our parents, tears ran free
Their love still lives in you and me
Pax, Mindy, Snoopy, gone too soon
You held me close beneath the moon

> *Helen, thank you for being there*
> *For me and our girls, with love to spare*
> *You’re one in a million, my friend*
> *Forever, I’ll cherish you to the end*

No special day has brought this song
Just because my love stays strong
For forty years, you’ve been my home
Wherever life may lead, we’ll roam

> *Helen, thank you for being there*
> *For me and our girls, with love to spare*
> *You’re one in a million, my friend*
> *Forever, I’ll cherish you to the end*

Your poet’s heart lights up my way
I’ll hold your hand through every day
