A SONG WRITTEN FOR FRANK

Believing in Us

Birthday

On one of our first calls, I cried
About my dog needing a new home
You heard the hurt I kept inside
Your kind words made me less alone
Easy to talk to when I felt small
You melted my heart through it all

> *Frank, thank you for believing in us*
> *You stayed so strong along the way*
> *Your steady love has earned my trust*
> *I love you more each day*

Stuck overseas for over a year
Catastrophe after catastrophe came
Still you stayed positive through the fear
Short on funds, you would not let love wane
Never giving up on you and me
You made our bond grow deep and true
Your strength kept reaching back to me
And showed me what our love could do

> *Frank, thank you for believing in us*
> *You stayed so strong along the way*
> *Your steady love has earned my trust*
> *I love you more each day*

On your birthday, I want you to know
I'll hold this love in all I do
Whatever comes, we'll let it show
How strong we are, how love stays true

> *Frank, thank you for believing in us*
> *You stayed so strong along the way*
> *Your steady love has earned my trust*
> *I love you more each day*

Your kind words still warm my heart
My love for you will not depart
