A SONG WRITTEN FOR GREG

# Quiet Strength

*Wedding*

On the creek we floated away
You ran to catch your kids because they didn't stay
We cast our fishing lines so slow
And watched the bobber go
Beside you, I felt safe and free
Your quiet strength surrounded me

> *Dad, I know your love is always here*
> *Your steady arms have calmed my fears*
> *You taught my heart to persevere*
> *Your love forever holds me dear*

Through broken hearts, you held me close
Your care was what I needed most
On hospital trips, when nights felt long
You kept me brave, you kept me strong
We faced the days that left their mark
You lit a small light in the dark
Your protective heart would lead the way
And keep the shadows held at bay

> *Dad, I know your love is always here*
> *Your steady arms have calmed my fears*
> *You taught my heart to persevere*
> *Your love forever holds me dear*

Today you watch me take my vow
You see the joy in me now
Wherever all my footsteps go
Your grateful heart will always know

> *Dad, I know your love is always here*
> *Your steady arms have calmed my fears*
> *You taught my heart to persevere*
> *Your love forever holds me dear*

*The creek still sings beneath the sky*
*Your love walks quietly by my side*

*Scan to listen to your song*
