A SONG WRITTEN FOR KIT

Endless Southern Nights

Anniversary

On our first date, your laughter shone
I felt I'd never walk alone
So smart, so bright, so beautiful
Your playful heart was wonderful
Your cheerful charm lit up the night
And made my whole world feel so right

> *Babe, you make me feel like a king*
> *Your love's the song I always sing*
> *You give your last dollar for my smile*
> *Beside me, mile by mile*

You grew up farming, horses and the lot
You picked green beans when it was hot
A tomboy, Southern nice and true
With gravy over rice for you
When my son's illness brought hard days
You stood with me through all the haze
You love your cars and scorching sun
To me, you're still my precious one

> *Babe, you make me feel like a king*
> *Your love's the song I always sing*
> *You give your last dollar for my smile*
> *Beside me, mile by mile*

On this anniversary, I say
May great adventures come our way
I want you always by my side
My princess bride, my heart, my pride

> *Babe, you make me feel like a king*
> *Your love's the song I always sing*
> *You give your last dollar for my smile*
> *Beside me, mile by mile*

With you, I stand and sing my song
Beside you is where I belong
