A SONG WRITTEN FOR LISA-ANNE

Summer Dawn

Just because

A good friend said I'd be a great catch
Three months till my heart found its match
After divorce, I saw the light
No longer lonely through the night
You cared for me in every way
And brought me happiness each day

> *Lisa-Anne,*
> *your smile's a summer dawn*
> *Your care has led me safely on*
> *Thank you for your open door*
> *Not lonely anymore*

On overseas roads, side by side
America opened roads so wide
In China, every road felt new
In India, I walked with you
Your happiness lit every mile
And made the distance feel worthwhile
We have been blessed, no storm has come
Each day with you still feels like home

> *Lisa-Anne,*
> *your smile's a summer dawn*
> *Your care has led me safely on*
> *Thank you for your open door*
> *Not lonely anymore*

Your caring is my truest guide
I'll walk with you through time and tide
May every dawn still shine so bright
May joy stay near you every night

> *Lisa-Anne,*
> *your smile's a summer dawn*
> *Your care has led me safely on*
> *Thank you for your open door*
> *Not lonely anymore*

Across the world, your smile shines through
My summer dawn begins with you
