A SONG WRITTEN FOR GILLIAN

Endless Light of Love

My appreciation to you

We met when both our lives were running low
Yet love became the strength we came
to know
Through every obstacle that blocked our way
We gave each other courage day by day
You always put the others first in line
Your kindness made the darkest road
still shine

> *Gillian, you're my love, my rock, my light*
> *You light up all the life we share*
> *With you, the world can still be warm*
> *and bright*
> *My love of life, beyond compare*

Through many illnesses, you fought
through night
Through family loss, we held each other tight
Your caring heart was there through
every tear
Your steady love could quiet every fear
When life was hard, you never walked away
You gave me strength to face another day
And all your love still leads my spirit home
Beside you, I am never left alone

> *Gillian, you're my love, my rock, my light*
> *You light up all the life we share*
> *With you, the world can still be warm*
> *and bright*
> *My love of life, beyond compare*

For all you are, I thank you every day
I'll stand beside you, come what may
Whatever lies beyond the bend ahead
I'll stay with you wherever we are led

> *Gillian, you're my love, my rock, my light*
> *You light up all the life we share*
> *With you, the world can still be warm*
> *and bright*
> *My love of life, beyond compare*

Your light still shines when day is through
My grateful heart belongs with you
