A SONG WRITTEN FOR CHIN CHIN

Love's Steady Light

Just because

I crossed the world to find my queen
With every mile beneath the sun
Your light was waiting, clear and seen
My searching days were nearly done
I held the hope that led me through
And found a love both strong and true

> *chin chin, God brought our hearts as one*
> *Through every hard time, I have known*
> *Each hard day showed what love won't break*
> *God makes no mistakes*

As a great mom, you give such care
Your steady love is always there
You wear your crown with quiet pride
My beautiful queen by my side
Through all the tough times, held on tight
We watched the dark give way to light
Each hard day made us stronger still
Love taught our hearts its steady will

> *chin chin, God brought our hearts as one*
> *Through every hard time, I have known*
> *Each hard day showed what love won't break*
> *God makes no mistakes*

I'll walk beside you through it all
When shadows rise, when evenings fall
Whatever roads may come our way
I'll choose this love again each day

> *chin chin, God brought our hearts as one*
> *Through every hard time, I have known*
> *Each hard day showed what love won't break*
> *God makes no mistakes*

The world I crossed now feels so near
Your steady love is always here
