A SONG WRITTEN FOR JANET

Guiding Light Forever

Anniversary

In Cala Mesquida, sunlit shore
We met on holiday, something more
Mallorca held our first hello
In Spain, I felt my whole heart glow
On 12 May, seventy-nine
My path met yours, and you met mine

> *Janet, you're my best friend, my guiding light*
> *A rock at my side through day and night*
> *I married the dream I always knew*
> *Forever, our dream has come true*

On 7 November, eighty-one
We married, and our lives were one
As foster parents, side by side
Your caring heart was opened wide
A brain tumour was taken away
You rose so brilliantly each day
Forty-five years this very week
Still, you're the home my heart will seek

> *Janet, you're my best friend, my guiding light*
> *A rock at my side through day and night*
> *I married the dream I always knew*
> *Forever, our dream has come true*

For all the days that lie ahead
I'll be your shelter through the rain
You're still the dream I chose to wed
Beside you is where I remain

> *Janet, you're my best friend, my guiding light*
> *A rock at my side through day and night*
> *I married the dream I always knew*
> *Forever, our dream has come true*

One holiday became our song
With you is where I still belong
