A SONG WRITTEN FOR JOSÉ

Hearts Beat One Way

Just because

At Casa Garcia, early ’91
We met, and all my quiet world took flight
A bowling date became a lifetime begun
With celebration shining warm and bright
I took you to Rome on your fortieth birthday
That memory has never slipped away

> *José, you fill every second with love*
> *I carry you close when days get tough*
> *My heart beats in time, day after day*
> *Thank you, our hearts beat one way*

On our cabin trip, frozen beer in hand
You had the microwave already planned
I caught you just before you pressed the start
That memory’s still written on my heart
When my mom was sick, you stayed so near
When Dad was gone so suddenly, you stayed
You held me through the ache and through
the fear
Your love would not let me be swept away

> *José, you fill every second with love*
> *I carry you close when days get tough*
> *My heart beats in time, day after day*
> *Thank you, our hearts beat one way*

Our road still opens wide before our eyes
I’ll keep you in my heart through all we do
We’ll meet each morning with the
same surprise
My heart will keep its time with yours so true

> *José, you fill every second with love*
> *I carry you close when days get tough*
> *My heart beats in time, day after day*
> *Thank you, our hearts beat one way*

From that first bowling date, our love took flight
My heart keeps time with yours each day
and night
