A SONG WRITTEN FOR DEE. SHANE. &. SAMANTHA

Unseen Love's Embrace

Tribute

We held the times we shared as one
Now some of those bright days are gone
Love warmed our days just like the sun
Now we keep learning to move on
We're trying to find our way, side by side
With all the love that lives inside

> *Dee. Shane. &. Samantha, she watches you still*
> *Though you cannot see her, her love is real*
> *Loving her was easy, so true*
> *Losing her was so hard to get through*

When illness took your mum from here
Each day was harder to get through
The times together still draw near
Though now those times are gone from you
Karen still watches over us
Her love still lives in all of us
Though we cannot see her near
She leads us through another year

> *Dee. Shane. &. Samantha, she watches you still*
> *Though you cannot see her, her love is real*
> *Loving her was easy, so true*
> *Losing her was so hard to get through*

This tribute holds her in our song
We'll keep her memory burning bright
We'll find our way and grow more strong
Together, through the dark to light

> *Dee. Shane. &. Samantha, she watches you still*
> *Though you cannot see her, her love is real*
> *Loving her was easy, so true*
> *Losing her was so hard to get through*

Though unseen, her love will light the way
We'll hold her close from day to day
