A SONG WRITTEN FOR SHERRI

Eternal Light

Christmas

The day we met, I saw forever there
Next day I told my mom without a doubt
"I'll marry her someday," I did declare
My heart had found the love it dreamed about
In Toronto, you said yes that night
That bed and breakfast shone with light

> *Sherri, God blessed my whole life with you*
> *My beautiful wife, you light my way*
> *I'm thankful our love has carried me through*
> *Loving you for all my days*

Our first Christmas in our little place
That little apartment, full of grace
Then in our first home, with a child on the way
We held that hope so close each day
Three boys grew strong and kind by your side
Your patient heart was there as their guide
When I lost my job, you pulled me through
You turned that pain to something new

> *Sherri, God blessed my whole life with you*
> *My beautiful wife, you light my way*
> *I'm thankful our love has carried me through*
> *Loving you for all my days*

Our first dance set our hearts in flight
Twenty-five years still feel so right
This Christmas, I thank God above
For all the days you've filled with love

> *Sherri, God blessed my whole life with you*
> *My beautiful wife, you light my way*
> *I'm thankful our love has carried me through*
> *Loving you for all my days*

Your love still fills our home with light
My best adventure, shining bright
