A SONG WRITTEN FOR STOWMAN

Forever Yours

Because I love you

On Aspen slopes, we chased the snow
Your laughter warmed the mountain air
At Glenwood courthouse, love could grow
Then Denver waited, bright and fair
Our rental car rolled Denver streets
We celebrated, love felt sweet

> *Stowman, thank you for being near*
> *You dry my tears and make me whole*
> *I'll stay beside you year by year*
> *Forever yours, with heart and soul*

We worked together side by side
You dried my tears when days were gray
Through all hard times, you stayed my guide
Your patient love showed me the way
We rode our bikes to feel the breeze
And hiked beneath the open blue
At great dinners, we found our ease
Each little road led back to you

> *Stowman, thank you for being near*
> *You dry my tears and make me whole*
> *I'll stay beside you year by year*
> *Forever yours, with heart and soul*

No matter what the years may bring
I'll be the shelter by your side
Because I love you, I will sing
With you, my world is open wide

> *Stowman, thank you for being near*
> *You dry my tears and make me whole*
> *I'll stay beside you year by year*
> *Forever yours, with heart and soul*

Your love still lights my cloudy skies
And in your arms, my heart will rise
