A SONG WRITTEN FOR TIM

Forever Love Chosen

Just because

Online, our first words crossed the night
Though miles had kept our lives apart
Hampton, Va, made our date nights bright
With wild fun beating in each heart
In St Maarten, we let time slow
And found a joy that still can glow

> *Tim, God gave me my forever love*
> *My answer sent from high above*
> *My husband, lover, best friend too*
> *Each day, I'll keep on choosing you*

The first years brought us storms to face
Yet love still held its steady place
Through every high and every low
Your gentle strength would always show
You work so hard to serve our home
Your thoughtful care makes warmth our own
You listen with compassion too
I thank the Lord for all you do

> *Tim, God gave me my forever love*
> *My answer sent from high above*
> *My husband, lover, best friend too*
> *Each day, I'll keep on choosing you*

When years go by, I'll hold your hand
With God at center, we will stand
And every day that comes anew
My grateful heart comes back to you

> *Tim, God gave me my forever love*
> *My answer sent from high above*
> *My husband, lover, best friend too*
> *Each day, I'll keep on choosing you*

From miles apart, now hand in hand
My grateful heart still understands
